

Sex Story: Billy's Bi Swingers Party

Holy [fuck](#) I had a good time Saturday night! Brianna invited me to a bi-swingers party but there was only 2 girls there, me and her.

As soon as I walked in I felt weak in my knees. Men everywhere! I don't know how many there were, but [fuck](#)!

Anyway, we went into a room to get [naked](#) right away. Brianna was doing her thing with some guy who likes to be dominated so I went back into the room where all the guys were.

There were 2 couches set up and a bunch of chairs. Everyone was really friendly lol. I was SO in my element. There was this really hot guy sitting close to me and I asked his name. He told me his name was Chris and I said, "Nice to meet you, I always like to know a guy's name before I suck his cock."

I got down on my knees and started stroking his cock through his boxers. Did I mention everyone was sitting around with just their underwear/boxers on? His cock was rock fucking hard when I took it out to look at it. The head was so fucking thick I popped it in my mouth right away.

I heard alot of "[fuck](#) yeah's" and "suck that cock" and "holy shit's". I took that cock into my throat and gagged on it. I felt his hands in my hair, grabbing it. He started moving my head up and down on his cock. I love the feeling of a hard cock in my mouth. I could taste his sweet pre-[cum](#).

Next thing I knew, I felt hands on my tits. My nipples were being pinched and I felt a hard cock on my shoulder. I turned to look, Chris's cock still in my mouth and there was this uncut, hard cock in my face. Head poking over his skin, a drop of pre-[cum](#) right at the tip. I looked up at him, smiled and he said "Neal."

I licked that pre-[cum](#) right off the head of his cock. He groaned and I put Chris's cock back in my mouth. I was sucking that cock fast and furious when I felt hands pull up on my waist. I wiggled my bare [ass](#) at whoever was behind me and felt a tongue at the top of the crack of my [ass](#). I moaned around Chris's cock as he started fucking my mouth harder.

"Her [pussy's](#) fucking soaked!" I heard a voice I hadn't heard before. I know we weren't introduced but I didn't give a [fuck](#).

I heard a scream from the other room and knew Brianna was having a great time. I felt my [ass](#) cheeks spread apart and a cock rubbing right at the entrance of my wet [pussy](#).

“[Fuck](#) me!” I yelled, taking Chris’ cock out of my mouth. Right away, I felt a huge cock push into my [pussy](#). I gasped then yelled “Ya, [fuck](#) that [pussy](#)!” I’ll finish my story next time. I hope you want to read the rest of what happened and how many cocks I had. I’m wet as hell thinking about it.
