

Sex Story: Brianna's Bi Party Continued

If you didn't read part one, read it now.

...I could hear the blond gagging on my bitch's [cum](#). After his cock was drained, my bitch slumped his [ass](#) onto his feet. I grabbed him by the hair to pull him back up straight.

"Do you think you're done bitch? Are you one of those men who lose the desire to serve after you've [cum](#)? Not tonight you don't."

With his hair still in my hands, I moved to the side and pushed him down onto his hands and knees. I grabbed the blond who was still underneath my bitch by his hard cock and told him to get out of my way. He groaned and slid out from underneath to go and kneel by the door. I looked at him in the eyes and told him I wasn't done with him and to put his hands by his side and leave his slutty cock alone. He obeyed with "yes Mistress," even lowering his eyes. I thought to myself that this one has played before and how I was going to have fun with him.

Turning back to my bitch, who was trembling on his hands and knees, I said "You are going to take this big cock aren't you bitch?"

"I don't know ma'am, it's really big..."

I smacked his [ass](#) and told him, "You are going to love it and everyone here will see what a big whore for cock you are."

I looked at all the men still at the door and told them I need a pillow for my knees. There were pillows on the couch less than a foot away, but I wanted to see who would jump at my beck and call.

All five of them moved into the doorway. Which was fucking hilarious, cause they got stuck. Laughing, I said "You are all a bunch of desperate, horny fucks aren't you?" One short guy with a [pussy](#) tickler mustache handed me one and another guy who must have been sixty handed me another. Without saying anything, I put the pillows on the floor and knelt on them.

I grabbed the lube and squirted some down the crack of his [ass](#). He moaned. Then I lubed up my cock and stroked it all over. I put the big cock at the opening of his puckered asshole. I pushed slowly, very slowly until I felt that unmistakable "pop". He groaned and said "Oh god!" as my 8x6 strap on penetrated his sphincter. He wasn't as tight as I thought he was going to be, proving his slutty [ass](#) had been used many times before.

I was going to be gentle, but I just slammed the cock deep in his [ass](#), burying it. He screamed and the guys in the room gasped. I continued to [fuck](#) him deep and hard, his screams of pleasure filling the room. Out of the corner of my eye, I saw all the guys, except the blond, stroking their cock.

Looking under my bitch, I saw his cock was leaking [cum](#).

With a huge cry, my bitch had an orgasm, a dry one. He collapsed under me.
