

## Sex Story: My Name is Madison

I'm sure you are welcoming me into the blog world. If you're not, I'm welcoming myself.

Let's see, short and sweet, that's me and that's what this intro blog is going to be. I am 5'3, 135lbs, probably 10 pounds of that are my big tits. I wear a DD, just to prove how big they are. And they're mine cause I paid for them. With all the money I make, they paid for themselves a long time ago.

I lied earlier when I said I was short and sweet. I'm short but not sweet. I'm the girl your momma warned you about. I like to [fuck](#) and I get paid for it. I can make you think I hate you or am off the wall in love with you. As long as I get paid, it's all good.

At the strip joint I work at, I make lots of \$\$\$\$. Would it be crass to say how much I make? Yes? OK, I make about \$700 a night, sometimes more but never less. And no, I'm not in school, saving for college or any of that bullshit. I like money and I have a lot of it but a lot is never enough. If I think a guy is hot, I'll [fuck](#) him for the right price. I make almost all my arrangements through the club. If a guy is hot, has lots of money to throw around I'll tease the shit outta him and tell him he can have me for \$200 an hour.

If he's not sure or just cheap, in a private booth I'll show him everything I have, rub his cock through his pants so he's so hard and horny he'll do anything to bust a nut. Then I'll send him to this really fly motel one of my fucks own and tell him to wait until I'm off shift. Most nights I'll have 5 or 6 guys lined up for the end of my shift. So I make much more selling my [sex](#) than stripping but I love to strip. I love all the men and some women staring at me. I know they want me and I get so wet. Stripping is my foreplay. After a night of stripping I am so horny I could [fuck](#) all the guys in the club. Know that [porn](#) star who fucked like 300 guys in one day? I would love to do that except I wouldn't want my tight [pussy](#) to get all stretched out.

When I feel all the eyes on me, knowing all the cocks are hard in the room because of me, I feel so fucking powerful. Like a [sex](#) goddess, what was that [sex](#) goddess' name? I forget. Anyway, this intro is long enough. I'll end this by saying I am going to write down some of my times in the club and some of the times with my "clients". I won't write about all of them cause that will take my time away from fucking!
